- ✓ And much more

With an ORAC value of 48,000 per daily ration (250 ml), VABO-N FIERCE is one of the so-called super antioxidants and protects our body cells daily from free radicals, stress and environmental influences.

MANGOSTEEN

The mangosteen is a fruit that has been used in Ayurvedic teachings in Southeast Asia for centuries. It is rich in xanthenes, powerful secondary plant compounds that are increasingly attracting the interest of western science and medicine for good reason. It is also called the "Queen of the fruits".

MINERALS & TRACE ELEMENTS

VABO-N ESSENTIALS contains the naturally occurring spectrum of more than 70 minerals and trace elements in ionic colloidal form, just like a construction plan for a successful life. The herbal origin ensures optimal absorption by the body.

RESVERATROL

New studies on the positive effects of resveratrol are published daily. Its many positive properties are due in part to its polyphenols. Laboratory tests suggest that resveratrol activates longevity genes. Our resveratrol comes from Japanese knotweed.

GUARANA

Guarana is known to unfold the effect of the caffeine it contains more slowly, but for a long time, because it is bound to plant substances. Thus, the caffeine gives us neither tremors nor sleepless nights. It also contributes to weight control and fat metabolism.

12 VITAMINS

100 % and more of the recommended daily requirement in vegan form.

ACEROLA

The vitamin C bomb par excellence, which by the way is not a cherry.

ALOE VERA

It has been valued for centuries for its valuable ingredients.

CHOLIN

Supports lipid metabolism, liver function & homocysteine balance.

TAURINE

Also produced in the body and involved in many processes.

INOSITOL

Supports fat metabolism, liver function & homocysteine balance.
